- MixW2
- N1MM Logger
- N3FJP
- NA
- RCKLog
- RCKRTTY
- RoverLog
- Super-Duper
- TLF
- TR-Log
- VHF Test
- Win-Test
- WJ2O Logger
- WriteLog
- Xmlog
- YPLog

# We've Selected These 5...

## Used by Majority of NCCC & Other Contesters

- AALog
- ACL
- CQPWIN
- CT & CT-Win
- GenLog
- Log Windows
- Log-EQF
- Logger
- Lux-Log
- miLog
- MixW2
- N1MM Logger
- N3FJP
- NA
- RCKLog
- RCKRTTY
- RoverLog
- Super-Duper
- TLF
- TR-Log
- VHF Test
- Win-Test
- WJ2O Logger
- WriteLog
- Xmlog
- YPLog

# For these 5 popular programs ... what are their “sweet” spots?

Presenters will each answer these 4 questions:

1. What type of user is this logger best suited for?
2. What three things distinguish this logger from others?
3. What are the three most significant shortfalls of this logger?
4. Why did you choose, or migrate to, this logger?  
Why should someone, in general, choose this logger?

# Format Tonight

- Each Presenter: 15 Minute Presentation
- Please Take Notes – hold your questions
- Panel Discussion For Your Questions
- For You:
  - Handout Tonight: Answers To 4 Questions For All 5 Loggers
  - This Week (Website): 60-Item Side-By-Side Feature Comparison Chart of all 5 Loggers (+N3FJP and TR-Log)
  - All presentations on website this week

# Summary

- \* What are your specific requirements?
  - \* CW, Phone, RTTY
  - \* Logging only vs. station interfacing
  - \* SO1R, SO2R, Multi-Op
  - \* Contesting skill level
  - \* Computer skill level
- \* Which program “feels” most “comfortable”?
- \* Which “C” are you: Curious, Complacent, Committed, or Competitive?
- \* Pick contest logger that is “Best” for **You** !
